HURLEY'S
SARSAPARILLA.

THIS INVALUABLE COMPOUND, so fully appreciated by the American people, is gaining the best and most effective medicine of the day. Certificates are daily pouring in from all parts of the States, and the afflicted now rejoice there is help when every other remedy proved ineffectual. Diseases which for years passed a source of misery and agonies, are now banished, leaving no trace of their influence and countless families rendered happy and cheerful by its extraordinary efficacy. If you want the pure and genuine Sarsaparilla, which is so different and superior to Bull's, Blackwell's, Townsend's, Sands', Guyott's, Cox's or any other compound, as on one thing is capable of being to another, take Hurley's, for out of thousands of cases scattered through Alabama, Mississippi, Wisconsin, Indiana, Missouri, and Kentucky, it has never in a single instance been known to fail, and will cure beyond all doubt:

Dyspepsia or Indigestion, Scrofula or King's Evil, Afections of the Bones, Syphilis, Debility, Habitual Costiveness, Erysipelas, Pulmonary Diseases, Liver Complaint, Piles, Female Irrigularities, Fistula, Skin Diseases, Diseased Kidneys, and as a great and powerful Tonic, purifying the Blood and invigorating the entire System.

Unlike other compounds which, when first introduced, are said to possess medical qualities, soon degenerate into mere trash, the highly concentrated fluid extract is prepared with the greatest accuracy and chemical knowledge, entirely of vegetable origin, and warranted never failing in strength. The powerful medicine employed, and care devoted to it in combination, together with the important fact, that it is the only preparation in America containing Honduras or Para root, equalled by none, all doubt that it is the sufferers remedy. Its extensive popularity and wide spreading fame, coupled with unparalleled cures effected by its agency, have gained both public confidence and professional reliance. Therefore, hereford let be understood, that it is the best and most effective remedy ever offered to the world.

LUKE REYNOLDS,

Any person requiring the truth and honesty of this statement, will find me at my residence, corner of Ninth and Walnut streets, Louisville, Kentucky.

Dr. HURLEY.—Sir: I have used your Sarsaparilla in Chlorosis, Amenorrhoea [White], and many other diseases connected with the female organization, and always found a happy result within a shorter space of time than is usually experienced in the treatment. It is decidedly preferable to general Tonics to Quinine, or preparations of Iron, and fully satisfied you will become an established item in the Physician's practice. Respectfully yours,

ROBERT B. ABLETT, M. D.

LEXINGTON, April 5, 1855.

Mr. H. R. FRENCH.—Sir: I have sent your Sarsaparilla to you, and trust you will be pleased with it. I have no doubt it will be a good, but to my great satisfaction, it rapidly got well, and thank God, continues so. Had it been taken by any other physician, I would not give him credit, but your Sarsaparilla the only remedy employed, leaves no doubt of its medicinal qualities, and that it alone cured her.

Sign'd,

LUKE REYNOLDS.

Any person requiring the truth and honesty of this statement, will find me at my residence, corner of Ninth and Walnut streets, Louisville, Kentucky.

Dr. HURLEY.—Sir: I have used your Sarsaparilla in Chlorosis, Amenorrhoea [White], and many other diseases connected with the female organization, and always found a happy result within a shorter space of time than is usually experienced in the treatment. It is decidedly preferable to general Tonics to Quinine, or preparations of Iron, and fully satisfied you will become an established item in the Physician's practice. Respectfully yours,

ROBERT B. ABLETT, M. D.

LEXINGTON, April 5, 1855.

Dr. HURLEY.—Sir: My wife has been afflicted with rheumatism for ten years, and could never get cured. I have a bottle of your Sarsaparilla, and it is perfectly well.

LOUISVILLE, March 15, 1855.

Having been engaged in the drug business for several years, I do not hesitate to pronounce Hurley's Sarsaparilla the best preparation now in use.

GEO. MULKIN,

Lexington, Ky., Nov. 28, 1854.

Dr. HURLEY.—Sir: Your Sarsaparilla certainly deserves to supersede all other preparations of that medicine. Heretofore, the unsatisfactory results obtained from the use of Sarsaparilla, depended upon a want of skill in making proper selections from the different qualities found in our markets, and that which has been vended in the market, has generally been inferior to generic Intemperance, and many other qualities, which containing any Sarsaparilla at all, was a very cheap substitute article, and in the majority of instances left the sufferer in a much worse condition than before taking it. Having tested your Sarsaparilla, I am pleased to say that it is free from the imperfections alluded to, and I therefore take pleasure in recommending it to the confidence of the profession and to the afflicted public, and feel perfectly satisfied they will realize everything from it that can be derived from the use of Sarsaparilla.

W. W. ROSS, M. D.

Dr. HURLEY.—Sir: Your Sarsaparilla, will be useful to all classes of the Union.

BLUE INK.
You ask me, Edward, what I think
Of this new fashionable ink?
I'll answer briefly, Ned.
Mathinks it will be always blue;
At all events when used by you,
It never will be red.

War and Love are strange composers—
War sheds blood and Love sheds tears;
War has spear and Love has darts;
War breaks heads and Love breaks hearts.

HASTE MAKES WASTE.
Be wise, discreet—of dangers take good
heed.

Be cautious, and you cannot but succeed;
Shun all rash acts—let moderation mark
Each enterprise on which you may embark;
And from your minds never let there be
effaced.

The old yet sterling proverb—Haste
makes waste.

"Do you know," said Dr. Bush-
nacker as he stretched, "how this custom
originated; this ringing of wine bells or
kissing of bakers' air?"

We replied in the negative.

"Then, sir, I will tell you," replied the
Doctor. "It was the invention of a learned
French philosopher, to illustrate the
five senses. The beautiful color of wine
delights the eye—seeing; the delicate
baquet gratifies the nose—smelling; the
cool glass suggests a pleasure to the
fingers—feeling; and, sir, by drinking it we
gratify—exquisitely—the taste. Now, sir,
touch glasses for the finest chime in the
world; that rings out good-fellowship, sir,
and we have the fifth sense—hearing."

"Quite a little poem, Doctor, in five
lines."

"Put it in verse, sir, put it in verse;
I give you the idea.

[Cosson's Wine Press.]

EQUIVOCAL COMPLIMENTS.—Compliments may be offered in all sincerity, and yet have a very equivocal sound, as in the case of the city knight, unable to aspire the latter H., who, being deputed to address William III., exclaimed: "Future ages, recording your Majesty's exploits, will pronounce you to have been a Nero."

Not less honest and ambiguous was the negro's compliment to the great emancipator—"Glorious mighty blos Massa Wilberfool! He hab a white face, but he hab a black heart."

How so tr.—Go it strong in your
praise of the absent. Some of it will be
sure to get around.

Go it strong when you make love to a
pretty widow. More people have erred
by too little than too much in this partic-
ular.

Go it strong when taking up contribu-
tions for a charitable purpose. It will
pay.

Go it strong when you make a public
speech. Nine people out of ten never
take any allusion unless it cuts like a
short-handled whip or a rhinoceros's
hide.

Go it strong when you advertise. Busi-
ness is like architecture—it's best sup-
porters are full column.

THE VERY LAST DOOR.—During the
late agricultural fair at Haverhill a place
was wanted for the trial of horses, and a
man named Lee offered the committee
and spectators free admission to his
grounds for that purpose. The crowd
rushed in, but, when the sport was over,
it cost them a "quarter each" to get out.

A wagoner on being asked what
he had in his wagon, replied:

Three-fourths of a cross, and a circle com-
plete.

An upright where two semi-circles meet;
A rectangle standing on feet; Two semi-circles, and a circle complete.

Three fourths of a cross is a T. A
circle complete is an O. An upright
where two semi-circles meet is a B. A
triangle standing on its feet is A. Two
semi-circles are CC, and a circle is O.—
TOBACCO is what was in the wagon.

HOT AND COLD.—An Irishman discov-
ered a part of the wood work of a chim-
ney piece on fire, that endangered the
whole house. He rushed up stairs to his
master, and announced the alarming intel-
ligence. Down he rushed with him. A
large kettle of boiling water was on the
fire. "Well, why don't you put out the
fire?" "I can't surr." "Why, you fool,
pour the water upon it." "Sure it's hot
water surr."

The fellow who was requested to
"foot up," did so by standing on his head.
Rather an inconvenient style of foot-
ing it.

Procrastination is the source of
all evil.
